M Amin Haris

Electronic Engineering

Working Experience

Circuit Designer
2019 - Now

PT. Indonesia Epson Industry
Scope of Work:
- ❖ Designing Printer Circuit on Software.
- ❖ Evaluating Circuit Board Using Measurement Tools.
- ❖ Countermeasure Circuit Related Problem.
- ❖ Issuing Printer Circuit Specification.
- ❖ Issuing Circuit Component Part List.
- ❖ Rework Soldering Circuit Component.

Project Campus
2018

Smart Card Project Telkom University
Scope of Work:
- ❖ Implementing Smart Card using Raspberry Pi and Interface.
- ❖ Integrating Smart Card with Secure Access Module using Cryptography Algorithm.
- ❖ Troubleshooting Hardware

Skills

- React JS
- React Native
- Expo CLI
- Redux
- JQuery
- Sass
- Bootstrap
- Ant Design
- Figma
- Javascript
- HTML
- CSS

Portfolio / Project

- ❖ Portfolio   : haris-ism.github.io
- ❖ Web App Project   : haris-ism.netlify.app
- ❖ Mobile App Project   : bit.ly/Haris-ism_Shop

Education

- ❖ Bachelor of Electronic Engineering
  Telkom University 2014 – 2018
- ❖ React JS Front End Web Certification
  Sanbercode 2021
- ❖ React Native Mobile Application Certification
  Sanbercode 2021
- ❖ Submitted journal on Tektrika 2018
  "PERANCANGAN SURAT TANDA NOMOR KENDARAAN ELEKTRONIK MENGGUNAKAN SMART CARD DAN SECURE ACCESS MODULE"

Organization Experiences

- ❖ President of IKMASS (Ikatan Keluarga Asal Sumatera bagian Selatan) Telkom University 2017 – 2018.
- ❖ Event Coordinator of Pesona Budaya IKMASS Telkom University 2016.
- ❖ Staff of Try Out Roadshow Telkom University 2015.
- ❖ Engineering Service Community 2014 & 2016
